

Make the 2022 Elections an Accountability Platform! **Statement of Government Watch (G-Watch) on the Upcoming May Polls**

In exactly two months from now, Filipinos will once again go to the polls to elect the country's next President, along with the Vice President, 12 senators, 316 members of the Lower House, as well as 16,055 local officials. While every election is important, the upcoming poll is both unique and extremely crucial due to the ongoing pandemic, and the continuing threats to democracy and to our people's very survival.

The dismal performance of the national government in handling the COVID-19 crisis is going to be the backdrop of the 2022 elections. It has to be. The 2022 elections will also be critical in reaffirming many democratic values that has been under threat for the past years, such as inviolability of human rights, the rule of law, and the principle that a public office is public trust since all power emanates from the people.

The 2022 polls, in other words, has to be turned into an accountability process, where candidates have to be made answerable for their performance or lack thereof.

We call on voters to elect candidates that will restore checks and balances in government, strengthen accountability institutions, uphold merit-based public management, and support independent civil society monitoring and advocacy.

At the same time, G-Watch offers the following agenda for the next administration:

- Ensure access to relevant, useful and clear information.
- Pass the Freedom of Information Law.
- Bolster transparency mechanisms and efforts.
- Ensure that feedback, complaint and grievance redress mechanisms properly work so that the concerns of citizens can be adequately addressed.
- Enhance the capacity of accountability institutions, mechanisms and programs inside government.
- Ensure that the country's legal framework remains supportive, facilitative and enabling of progressive civil society, including independent citizen accountability efforts.

We also call on the Philippine development community to start rebooting, retooling and re-energizing civil society-government engagement to one that synergizes interdependent power which checks abuses at the top and uplifts the most marginalized.

If all these are done, then we can turn elections to what it should be—as a way to allow even the most ordinary of citizens to speak truth to power and change the course of the country's history.
